

Collaboration between Hebei Finance University, China and R.V.S. Educational Group, India

In the year 2011, Hebei Finance University, China and R.V.S. Educational Group, Coimbatore, India signed an Agreement to develop Computer Science and Technology program which is in great demand in China. This program aims to utilize RVS's professional advantages of computer science and technology field to satisfy China's increasing demand for international professional talents and obtain internationally professional education for Chinese students.

According to this collaboration, one of the Staff from the Department of Computer Applications(MCA), named Mr.G.Pandiyan, was deputed to visit HFU, China to teach Computer Science subjects to the Chinese students.

- Mr.Pandiyan's 1st visit to HFU, China was during the period May-June 2012 and he taught the subjects **Data Structures & the Basics of Java Development**.
- Mr.Pandiyan's 2nd visit to HFU, China was during January 2013 and he taught the subjects **Web Page and Graphic Design & Database Principles**.
- Mr.Pandiyan's 3rd visit to HFU, China was during July 2013 and he taught the subjects **Network System Application and J2EE (Advanced Programming)**.

Currently, this collaboration is running successfully in the Campus with the able guidance of our Leader & Managing Trustee, Mr.K.Senthil Ganesh. We should also appreciate and thank the coordinating Staffs at HFU, China for having a fruitful communication and rendering continued support to us.
